Note

- the Redemptorist sheets - Blue Sheets, with Collect Prayers, Post-communion prayers and readings for September are available on the website. These sheets are issued monthly and added to the website monthly.
- in this rota, the Old Testament readings for 9.00 and 11.00 are NOT as detailed on the Redemptorist sheets. These readings were provided by another source and had previously been circulated generally. They have drawn from the Continuous Lectionary Option in Ordinary Time rather than the Related Option. At Old Church we have always followed the Related Option. These are the readings reproduced on the Redemptorist sheets. If you are preparing materials that draw on the OT readings, be aware that what you will hear read is not what is on the Blue Sheets. Anyone following the service with the Blue Sheets will expect differently. This warning applies to the Old Testament reading only; the Psalm is correct. The New Testament readings are common to both Continuous and Related options.
