- currently (18.12.2021), the 10.00am service of Holy Communion is held in church. The service follows appropriate covid precautions and requires the wearing of masks. We join together at the altar rail for communion in two kinds through intinction.
- the rota assumes that this pattern continues over the first months of 2022 but this is entirely dependent on the spread of virus and government and church advice.

- questions of time and place should be addressed to Deb before 16th January. During interregnum, such questions should be addressed to the churchwardens.
- details of readings are taken from the Redemptorist Blue Sheets up to the end of March. In April, they come from the Common Worship lectionary
